Sir,

Sub: Supervision - Sri Mallikarjunaswami temple - Kuruvathi village - Harpanahalli Taluk - Jathra collections - mismanagement.

---

In obedience to the above subject I beg to submit that I camped at Kuruvathi from 1-3-38 to 15-3-1938 in order to supervise the Hundi collections during Jathra performance of the above temple. I started on 28th February and reached Kuruvathi on the evening of the same day. I met the trustee and the archakas of the temple. On 2nd the car festival of the said temple was over at 6 p.m. and there was no regular collections that day. The actual collections began from the next day. Regular collections of 0-0-3 pies per cocanut from bhaktas were collected. and for hair cutting ceremoney Rs.1-4-0 was collected from most of the bhaktas. The Hundi boxes were sealted by me on the 3nd night. The trustee and his friend Chekki Chennappa instructed and ordered the pujaries to receive the amounts, and not to put in the Hundi boxes. When I kept my attender and peon to watch over the boxes, the pujaries kept silent without asking for 3 pies as per orders of the trustee. This year I did not appoint any supervisors fearing that some hubub may take place like last year. I waited from 1st to 15th and found the collections too poor i.e. 46 -15-4 which was counted

be me on 15the night before the trustee.

The main reason for poor collections is due to the mischief played by the trustee and his said friend. These two have also instructed the bhaktas not to put coins in the boxes, in order to show a low income. I came to know through the bhaktas that the trustee and pujaries are collecting grain, and kanukas as varthana from all the bhaktas in the neighbouring villages and this was not credited to the temple accounts. This will be a great loss to the temple. If he had realy insisted upon collecting 0-0-3 percoconut the collections would have come up to Rs.400/- for this amount he had to show the temple accounts and he would have here deprived of this amount.

From this point of view the trustee is mainly to recover the temple funds. Though all the local officers as well the Board in its Memo.No.3560 B/-1 dated 21-1--1937 directed the trustees to repair the temple of Sri Basaveswara swami temple car which are in disrepairs, and submit to the Board, a register of endowments under Section 38 of Madras Act II of 1927 and a budget estimates for every fasli, the trustee never cared to do so. The temple car requires necessary repairs. Though my predecsor directed the trustee to repair the compound wall of the temple, and the temple car, he payed a deaf care to it. Though it is the time of Jathra the temple was kept in a most dirty condition, and I do not know how it will be in usual days. He never cared to put lights in the temple during nights, and make convenience to the bhaktas.

The trustee is also a teacher in Board's Local School at Mylar which is 2 miles away from the concerned village. He is only to have the income of the temple for his

his own affairs, without caring for its improvements. Some of the locality and the neighbouring villagers state that the trustee is mainly depending on the temple funds, if not it is quite impossible for him to maintain his family with his salaries, and face the court expenses for a rioting case in which the trustee is also one of the accused. The trustee is the main leader of the party. As stated by my predecessor it is quite necessary to notify the temple. I fear in no time the temple will loose its credit. Due to carelessness of the trustee many of the idols in the temple were broken and gradualy the fame of the arciticuture may disappear. As long as this trustee is in the post the temple cannot and will not found any progress. As per directions of the Board and that of the local officers, he has not bestowed any attention towards the temple of Sri Basaveswaraswami temple compound wall, and the temple car which are in disrepairs.

As stated above the temple funds are completely mismanaged. It seems he has not leased out the temple lands in open auction, and they are given to his intimates on a low amount. He never cared to collect dues from Mr.Chekki Ayyappa, and when I questioned him he pleads his own inability to collect the amount. Though all these it is very clear that the trustee is mainly to swallow the temple funds without caring for its improvements.

This jathra is famous for cattle fair. This year the cattle gather was less than that of last year. For this jathra the police bondabust has come Throughout the jathra the sanitary arrangements were properly arranged Under the management of the police, the Health departments the jathra ran on sound grounds.

Hence I humbly beg to request that the trustee may be directed once again to repair the temple of Sri Basaveswaraswami the temple car, the temple compound wall to drop the Varthini system which is a great loss to the temple and to submit a register of properties budget estimate for every fasli. The list of jewels and the total amount presented by the baktas during Jathra are shown on the next page.

I beg to remain,
Sir,
Your most obedient servant,

Sd.K.Nagpi Reddi,
Asst.Inspector.

Sir,

Sub: Rectification of defects - Bellary District - Harpanahalli Taluk - Kuruvathi village - Sri Mallikarjunaswami alias Basaveswaraswami temples - Report - Submitted.

Ref:Board's Memo.No.20008 B/38.1 dated 30-11-1938.

With reference to memorandum quoted above I beg to state as follows:-

Regarding the condition of the temple:- The temple is badly in need of repairs. There are many cracks to the temple walls. Inside the temple there is a lot of repairs to be done.

Regarding the accounts of the temple:- The trustee Sri Basappa of the temple has not maintained accounts properly. They were not audited by the certified auditor. The lease deeds were not registered and the lease of the inam lands was not conducted in public auction. It seems that the archaka himself is cultivating the inam lands and is producing the false accounts. They were not believable.

Regarding the administration of the temple:-

Regarding the administration of the temple I beg to state that the temple is kept very badly. It requires immediate change in the staff. There are nearly 10 or 12 Archakas in the temple. All are related to archaka Basappa. It seems

that they are not properly

It seems that they are not properly performing the pujas etc.,.in the temple. The main archaka Basappa is a Board School teacher at Mylar. It is nearly 2 miles away from Kuruvathi. Therefore he cannot attend to the temple affairs properly he has maintained a rough note-book for the list of jewels of the temple.

In conclusiion I beg to state that the temple may be notified for the good of the public and with out it I cannot say that the condition of the temple and the defects pointed out in my predecessors reports will improve.

Notification No. 76/1939: In the matter of Sri Mallikharjuna Swami temple, Kuruvathi village, Harpanahalli taluk, Bellary District.

--

Annexure to Board's Order No. 6234 dated 8--11--1939.

---

This is an ancient temple. The architecture of this institution is a noteworthy one. This is an important festival centre. Annually a cattle fare is also held.

Proceedings were taken for the notification of this temple in the year 1936 in Notification No. 13 of 1936. The reasons then assigned for the action put forth were:--

1. The income of the temple is not properly utilised and accounted for;

2. The trustee has not taken any steps for the recovery of the funds of the temple with Messrs. Govulana Gowd and Iyappa Chekki;

3. Proper accounts are not maintained and got audited;

4. Budgets and returns of income are not submitted; and

5. Necessary repairs to the temple premises are not being executed.

The proceedings were then dropped. The trustee was given a year's time for the rectification of the defects noticed. He was informed that proceedings would be revived if necessary, after the expiry of one year. This was in Board's Order No. 2766 of 1937 dated 18-10-1937.

The Board called for a report from the local officer in and by Memo. No. 20008 of 1938.B.1 dated 30-11-1938 after inspecting the above temple as to whether and how far the defects in the administration of the temple to rectify which time was granted till 18-10-1938 were rectified and to state the further grounds, if any, for the revival of the notification proceedings. The report stated inter alia that the temple was badly in need of repairs, that proper accounts were not maintained, that they were not audited by a certified Auditor, that the lands are not leased out in public auction and the lease deeds register-

registered, that the temple is kept very badly, that the lands are in possession of the archakas, that they are not properly performing the poojas, that no register of properties under Section 38 has been submitted and that unless the temple is notified there can be no improvement for rectification of the defects. The notification proceedin s were accordingly revived.

The reasons for the notification were re-stated. The further reason assigned was that in spite of the one yeer's time given for rectification of the defects, the defects have not been rectified.

The trustee and others have filed objections. The allegation that inspite of directions issued, there has not been any improvement is denied. It is not possible to do any repairs as the income of the temple is very low. The temple lands are enjoyed by several servicedars. It is not therefore, possible to lease out the lands in public auction. Accounts were maintained. Accounts were sent for audit in 1936. On account of the low income, it is not possible to prepare a budget. If it is insisted upon, he will prepare one. There is a register of properties. The trustee is acting in the interests of the temple. The proceedings may be dropped under the circumstances.

The trustee has not chosen to appear; nor has any other objector appeared and adduced any evidence to substantiate the objections to the notification. The local officer on enquiry has reported that the defects noticed in the prior proceedings before the Board under Chapter VI-A have not been rectified. The trustee denies this allegation. But beyond the denial there is nothing on record to substantiate the position taken up by him that these defects have been rectified. The temple building is still in dis-repair. This is admitted. [illegible] as pleaded, however, that action is being taken in this matter. The trustee would say that it is not possible to effect the

the repairs as the income is insufficent. According to the Board's books the temple has an assessable income of Rs. 1,000/- and it is possible to frame budgets providing reasonable amount for the repairs and to have the works done. But, no budgets are submitted. To the charge that accounts are not maintained properly, the trustee beyond stating that they are properly maintained does not produce the accounts though he would say that the accounts were sent for audit in 1936. there is no proof of this nor is the audit report produced. In reply to the charge that lands were not leased out to the advantage of the temple, the trustee states that they are in the possession of servicedars who are in enjoyment, thereof rendering service. Most of the lands are stated to be in the possession of archakas themselves. The local officer states that they are not rendering the service properly. The trustee has not furnished any statement as regards the temple lands stated to be in the possession of several servicedars and theincome therefrom. and for how long they have been in possession of the servicedars The trustee should have recovered these temple lands from the persons concerned and leased them out to the best advantage of the temple. He failed to do this. From the income derived from leased the servicedars could have been suitably remunerated. The local officer's report further shows that the incomes of the temple are not either brought into account or accounted for. The trustee has thus failed to substantiate the objections stated in the notification. We find that the reasons are proved on the material available and decide that the temple and its endowments should be notified to be subject to Chapter VI-A of the Act.

Sir,

With reference to the Memo read above, I have the honour to state that, in future, the Board will keep in view the principles laid down in the judgment of the High Court in the Kunnakudi case and will resort to Notification only in grave cases of mismanagement, after exhausting all other remedies. In the present case, though the management is not desirable and calls for interference, the Board will try whether it cannot be rectified by a scheme and by the Divisional Commissioner getting into touch with the hereditary trustee. In the circumstances, the Board does not press for notification.

The HRE Bd has, vide its order no 6284 dated 8.11.39 decided that the temple should be notified. Even so early as 1936 the Bd sanctioned the notification proceedings but while notifying the temple the trustees were allowed a year's time to rectify the defects. The trustees having failed to rectify the defects even after the expiry of the time allowed the Bd received the notification proceedings on the following grounds

p4cf

p5cf

pp21-23cf

(1) The income of the temple is not properly utilised and accounts

(2) The trustee has not taken steps for the recovery of the funds of the temple with regard Gowdana Gowd and Siyappa Chetti

(3) Proper accounts are not maintained and got audited.

17813

(4) Budgets and returns of income are not submitted

(5) Necessary repairs to the temple premises are not being executed

(6) That the trustee did not inspite of the time allowed rectify the above defects

On necessary enquiry having been held in the above matter I decided to entrust the temple. The annual income of the temple is Rs 2,872.

2872/12 is Rs 240/- approximately

2. I wonder whether the temple may be entrusted and if so, the draft below is for approval.

The Board says in its letter at pp 1 & 3 that the probable receipts of the Temple are Rs 2872. But in its order dated 8.11.39 Ex h. 23, the temple is said to possess an assessable income of Rs 1000 only. ~~Further, the statement of the Board~~ Notification of a temple will not be required in the case of such a small temple as the present one, if there are other reasons upon which a better management of the temple can be urged about. For instance a scheme may be framed under sec 63, or Bd may be required to explain the discrepancy about the income of the temple & why it is necessary to have recourse to a notification.
